The undersigned, on behalf of ELM TECHNOLOGY CORPORATION, hereby disclaims the terminal portion of the term of any patent to be issued on the present application, Application No. 10/665,757, which would extend beyond the expiration date (currently April 8, 2012\*) of the full statutory term of U.S. Patent 6,682,981.

The undersigned, on behalf of ELM TECHNOLOGY CORPORATION, agrees that any patent to be issued on the present Application No. 10/665,757 shall be enforceable only for and during such period as the legal title to such patent shall be the same as the legal title to said U.S. Patent 6,682,981, this agreement to run with any patent to be issued on Application No. 10/665,757 and to be binding upon the grantee of such patent and its successors and assigns.
